① - Interpretation service available

MANY PROVIDERS CAN TRAVEL TO SCHOOLS TO PROVIDE SERVICES. CHECK WITH THE PROVIDER AND YOUR SCHOOL'S ADMINISTRATION.

Unsure what to say when you call? One suggestion is: ***“My son/daughter was suspended from school and is required to have a drug/alcohol assessment in order to return to school. Can I schedule an assessment?”***

Recovery School in Queen Anne: If your high school student has experience with drug/alcohol treatment, 30 days of sobriety, and is interested in attending school with other students who are also working hard to remain sober and reach their academic and personal goals, call (206) 252-1810 for more information.

Looking for more drug/alcohol resources? Call the **Recovery Helpline** at 866-789-1511
